Work Experience

Bank of New York Mellon

INTERACTION DESIGNER & UI DEVELOPER | JERSEY CITY, NJ | JUN '15 – PRESENT

Redesigned the employee and client experience while following the Design Thinking process. Conducted client interviews, analyzed insights, and designed high-fidelity prototypes using industry-standard prototyping tools.

Developed production ready prototypes using AngularJS, Bootstrap, and HTML5. Collaborated with business partners to ensure timely delivery of high-profile and client facing projects.

Bank of New York Mellon

APPLICATION DEVELOPMENT PROGRAM | JERSEY CITY, NJ | JUN '15 – AUG '15

Highly technical position in which participants undergo a 10-week training program to learn Java, JavaScript, SQL, Linux, RESTful APIs, and Spring Framework as well as garner a deep understanding of the software development and product life cycles.

Victoria's Secret PINK

FRONT-END DEVELOPER INTERN | NEW YORK, NY | JUN '14 – AUG '14

Owned and launched several projects using JQuery, SASS, Node, Grunt, Bootstrap, and HTML5 based on UX prototypes.
